Mr. Goff Extends an Invitation to the Ex-Boss to Vindicate Himself.

He Goes on the Witness-Stand, but Refuses to Answer Questiens.

UNDER ADVICE OF HIS COUNSEL.

Capt. Creeden Says He Will Tell Full Particulars of That \$15,900 Fund.

When the Senate Investigating Con mittee resumed work this monring, there was a very noticeable revival of interest in its proceedings. The sensational disevening with regard to the promotion tiate the rumors that have long been current that he paid \$15,000 for his captaincy, and indicated that Mr. Goff was at last on the trail of bigger game.

The absorbing question of the hour was whether Capt. Creeden, after the testimony of John Howard, Congressman-elect H. C. Miner and others who subscribed to the fund, which it was admitted was raised for his benefit at the time of his promotion to the Captaincy would still persist in denying that mone was employed to secure his appointment or would be make a full confession. Mr. Goff evidently expected him yesterday to tell frankly how the \$15,000 was used, and into whose pockets this enormou

Committee.

It was the general opinion that if Capt. Creeden should change his mind and decide to make a clean breast of the matter, Mr. Goff and the Committee would have plain sailing, so far as implicating the higher objects of the Police Department in the general system of bribery and blackmail was concerned, and that

and blackmail was concerned, and that the work of the investigation could soon be closed up.

The counsel for the Committee were evidently hopeful that he would do so, and were prepared to follow up Capt. Creeden's case with that of numerous other officilas of the same rank.

Many Police Captains Present.

Many Police Captains Present.

Among the witnesses summoned to-day who were on hand early were Capt. Allaire. Washburn, Schmittberger and Strauss, all of whom excepting Schmittberger appeared in full uniform. They sit looked anxious and worded as they sat in a row near the door, and did not seem to have much to say to each other. Each one was busy with his own thoughts, which did not seem to be pleasant ones.

It was rumored that Police Justice Veorths, the former Police Commissioner, who appointed Capt. Creeden to his present position, and Lexicer Bareny Rourke, of the Eighth District, who is said to have engineered the raising of the \$15,000 fund, had also been served with the Committee's subpoenas, but neither was seen, in the court-room at 11 o'cick, nor had Capt. Creeden appeared. There was some talk that Evelyn Bell would be brought over from Orange, N. J., on a requisition that was obtained yester-day.

A dozen or more blue coats were in attendance, and half a dozen bank officers and clerks, the latter indicating that Mr. Goff was going to follow up the mysterious course of the \$15,000 fund which Capt. Creeden's friends in the old Tenth Precinct had raised for him in January two years are

old Tenth Precinct had raised for him in January two years ago.

It was 11.15 when Mr. Goff arrived and with him came Chairman Lexow with whom he had been in consultation. Senator Bradley, Pond and Robertson were already in their places and the Commit tee lost no time in getting down to work. With a host of new witnesses on hand and the sensational turn which has been given to the inquiry since the Creeden case was taken up, their was every prospect of a field day for Mr. Goff.

Howe Talks to Schmittberger.

Howe Talks to Schmittherger.

Before any witnesses had been called, Lawver W. F. Howe came in and whispered to Cast. Schmittherger. They left the room together, but soon returned, Mr. Howe going up to have a talk with sir. Geff. The latter had to shut his eyes for the glaze of Mr. Howe's splendld diamond stud which sparkled upon his hosom while chatting with the lawyer. Mr. Howe finally scated himself behind the Chief Counsel and preferred to listen to the proceedings.

Mr. Goff stated at the opening that the subpoems of the Committee had only been used in the ordinary cases of witnesses who had to be compelled to attend the examination.

His said that inasmuch as the testimony of Mr. Moran, the Brooklyn tag owner, had implicated Mr. Croker in constructive extortion, he would extend an invitation to Mr. Croker to appear before the Committee and make any explanation of the testimony of Mr. Moran he chose.

Mr. Goff-You ser a capiain of police? A. I decline to answer by advice of counce?

"You can answer that," said Mr. Howe, and Schmittberger said he had been a captain four years.

"Now," said Mr. Goff, "to bring up the point at once. How much did you pay, Captain, for your promotion to your present position."

"I decline to answer," he replied.

Mr. Howe then told the Committee that his advice to the witness was not to answer, because he was under indictment by the Grand Jury, and his testimony would tend to incriminate him, He therefore asked him to be excused for the present.

Capt. Schmittberger admitted that his answer might tend to incriminate him, and he was excused by the Committee and left the stand. Capt, Creeden was then recalled.

Stephenson apparently slept well in his cell in the Pombs last night, and this morning he was up early and asked for the morning papers, which were brought to him. His breakfast was taken to him from a nearby restaurant, where he has been getting all of his meals since he was locked up in cell No. 3 in the old "Murderers Row" in the Tombs. He has not touched the prison fare since his incarceration.

The Alderman had not arisen when an "Evening World" reporter called at 10 o'clock this morning, so the latter was ushered to his bedroom, where "Silver Dollar" lay propped up on pillows.

"I am still alive," he said, trying to hide a worried look with a smile, "and the knife which they say I used on my neck has left no mark. Santfmann was found later at 75 Allen street. He told a story much more sensational than that given on the witness stand yesterday, but he is to again appear three or four times on the stand and repeat it. He is bitter against Smith, Martin Engel, Max Hockstim and others, who, he saye, make up the gang. He also says that he was offered \$50 about election time to leave the city. The Lexow Committee is in possession of a number of a fiflavits on all these points. Affidavits have also been made as to the name of the members of the gang, who wanted to stab and kill the Parkhurst agents, when they appeared in Essex Market Court as complainants against disorderly houses eighteen months ago.
